1. The amendment filed November 21, 2003 has been entered.
2. Newly submitted claims 9-15 are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: Originally presented and elected claims 1-20 as well as currently presented claims 1-8, 17-19 and 23-24 all required that the cutting die extend from the periphery of the cutting wheel which is not required in claims 9-15 as currently presented. Claims 9-15 as currently presented require a conveying system disposed between a testing apparatus and the sample with the conveying system including first and second strips of material configured to support the sample therebetween and convey the sample to the testing apparatus while originally presented claim 20, which was indicated to contain allowable subject matter, required that the second strip be placed over the sample material such that the sample is sandwiched between the strips. Thus currently presented claims 9-15 do not require the strips to be vertically separated as in original claim 20 since in claim 9-15 the strips could wedge in the sample and only be laterally separated. Thus currently presented claims 9-15 are patentably distinct from originally presented claims 1-20 and restriction by original presentation is proper. Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 9-15 are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.
3. Claims 1-8 are objected to because of the following informalities: In claim 1, line 9 "a" should be --- the --- . Appropriate correction is required.

4. Claims 1-8 would be allowed if the correction suggested in paragraph 3 above is made.
5. Claims 17-19 and 23-24 have been allowed.
6. This application is in condition for allowance except for the following formal matters:

That set forth in paragraph 3 above. In addition claims 9-15 should either be cancelled or have their restriction out traversed.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
